

Head to Toe Protection Swine

Exposures

- Flying objects
- Noise
- Grain Dust
- Sun
- Chemicals

Head

When exposed to impact and penetration hazards wear a safety helmet or hard hat that fits appropriately and meets the ANSI Standard Z89.1-1986

Ears

Hearing protection plugs or muff when exposed to noise above 85 decibels (dB)

Eyes

Safety glasses that meet ANSI Z87.1 NIOSH Standard

When exposed to sun - Safety sunglasses that block 99 to 100 percent of UVA and UVB light.

Reproductive

Exposure to pesticides and some worksite chemicals can compromise reproductive functions in men and well as women. Read labels carefully and be sure to use recommended precautions and protective equipment.

Lungs

NIOSH approved air purifying 2-strap N95 or N100 respirator or cartridge respirator with N100 filter Add ammonia for exposures to ammonia. With exposures to disinfectants - read the label for information on which cartridge to use.

Body

Sun safe clothing with UPF of at least 30 or use a broad spectrum (UVA/UVB) sunscreen with an SPF of 30 or higher

Feet

Choose work shoes for the job and hazard that meet the ASTM F-2412-2005 and ASTM F-2413-2005 standard

Remember, leather absorbs moisture and chemicals.
